ENGINEERING & DESIGN

## GROOMING VAN ADVANTAGES

**RELIABLE**

- Industry leaders in technology & design
- One stop shop for conversion and equipment

Hanvey Engineering & Design is a Mercedes Benz Certified Master Upfitter and is already recognized industry-wide for top quality grooming equipment.

Innovations like our freeze-proof Ever Warm System and our easy access Modular Design keep you out of the shop and on the road making money.

- Energy efficient
- Easy maintenance
- **MINIMAL DOWN TIME**

**COST-EFFECTIVE**

- Lowest operating cost of most mobile grooming units
- Built-in savings

Since our conversions don't use generators to power equipment, you can get average annual savings of \$10,000.00 by getting rid of repair, fuel, and replacement costs.

At Hanvey Engineering & Design, we realize that your success is our success. We offer creative business strategies to help you put up to \$50,000.00 in your bank account every 5 years.

- Gas station visits once per week, not once per day
- Less frequent van maintenance

**CONVENIENT**

- No Antifreeze
- No Propane
- **NO GENERATOR!**

Our Monster Cool A/C unit is not only the most powerful air conditioner in any grooming van at up to 35,000 BTU, but also doubles as an excellent dehumidifier.

Our team of engineers has put every effort into ensuring maximum efficiency in our conversions. This includes power, space, and weight. Each of our vans weighs less than 10,000 lbs GVW.

- No roof top junk
- You have access to most drive thrus
